The Snake. Al'aqeeaa (الأقعى)

In the belief the snake was the one animal that plays a significant role in the story of creation of the first Human. The snake is a symbol for many things. This is not a euphuism about the creation or the creature and biblical times. Each

title means something sacred and significant in my life as the friend to the sake of My Creator. Since birth things of this world has always perplexed me. To all my recollection since I was born to now there was a thing I thought of, but never spoke of to anyone. It was this internal feeling that there was something unexplainable to how All was created. Something unexplainable to what and who is the creator that created all creation. Not that the knowledge did not exist. But that there is a secret to how all creation was created. No human could fathom

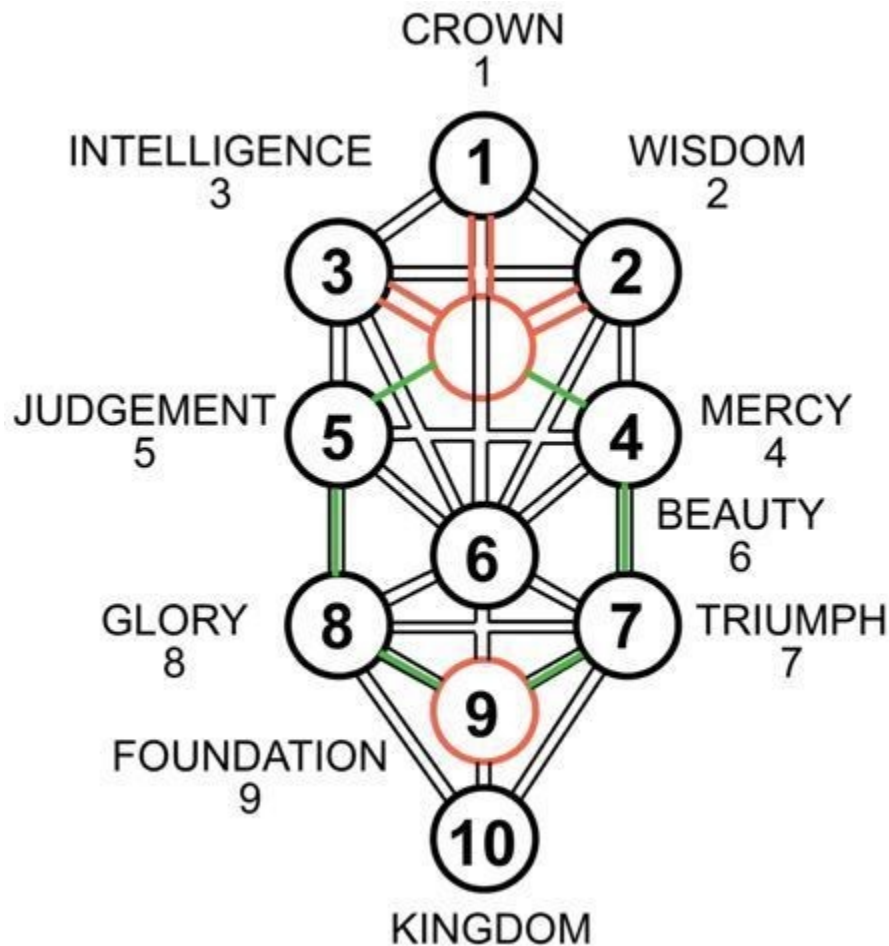

to understand, no matter what explanation was formed. I cannot remember being alive in the incubator as a newborn. I cannot remember being raised as toddler from the ages of six months to two years. I was informed that I was in two different individuals' custody as a toddler. A woman name Beverley my mother says is her cousin, And my grandmother, Estella Ann Scott/Gilbert/Price/Caruthers. (08.25.42/1.12.14) (pboabuh) Until around the age of five years old. My mother was released from the custody

incarceration in a California women's prison.

Then is when the feminine identity that birthed me was First Revealed to My sight and memory. An elegant and merciful one, But also an extremely aggressive and impulsive one.

The Elder Tree.

Alshajarat Al'akbar (الشجرة الأكبر)

Since birth I could not recollect the figure that The Almighty G-D ALLAH (الله) (swt) had divinely appointed as my mother and was blessed to birth me and did not die in the process. A great and generous woman, My Mother Emma Lee Price Stewart.

Born November, 12 1973. Second born child of Estella Ann. My grandmother, the woman the title of this chapter is dedicated to. My grandmother was fifty-one years of age when I was born. My mother gave birth to me exactly two months before she turned twenty years of age. It's the proof that my mother was incarcerated somewhere between the first two to six months of my life. She was incarcerated until I was around five years of age. There is a story that was once spoken to me by my mother, about how when she gave birth to me, and

the woman named Beverly, who my mother says is her cousin, was in the room during my delivery. This woman and my grandmother Estella Ann, Have the same sentiment and value in my heart. Beverly had three children that were born at that time, Clemmentae Fields, Rahklem Fields, Clemmicka Fields. These individuals were alive around the same age as I, two or more years older than me to be exact. They called my grandmother Aunt Estell, which is the name all of them will only refer to her in, they will not utter any other words in the reverence

of her name but Aunt Estell. So, understand that they seen things of my grandmother and my mother that I could not imagine, mainly because I was not alive. Also, because two or more years is seven hundred and thirty days plus that my existence wasn't a thing. In the early nineteen nineties and the late nineteen eighties. These some of the most significant relationships I ever encountered with any other human being or individuals who made a genuine impact upon my life.

I am going to explain why, first Clemmentae always has an

energy of rejoice when he talks of the times that I cannot remember as a toddler. Before five years of age. The words he consistently uses is “ I remember having to pick you up, while you were crying, mainly because you were dehydrated, and you wanted some water.” To those stories and actions that he showed me at an age that, not just me being a toddler that could not defend for myself, him only being around five years of age older than I was.

Rahklem is a person who I really have love and Favour for in my life. He is the one who pointed

me back in the direction of where my family really was. He also has multiple times he talks about in a rejoiceful manner, the time I was serving a sentence in the Rio Cosumnes correction center. The exact moment when he was rapping a verse through the fences that the dorms were separated by. His words resembled something of "Mentae in the back, With the Chop."

Clemmicka has a part and role in my life, that no other woman can play but her. I look at her as my big cousin, but also as my big sister and someone who knows

what this world has given us color complected individuals in this life. One of the main reasons is how I found out she was the sister of Mentae and Rahklem. But when I found out who she was, it was a time in my life that much confusion and disorderliness had some sort of control over the way I thought I was and my decision making. She Opened the door to me and my mother in that time. Holding space for me to hold down a living and move on from the place she called home, and I started living with her brother Clemmentae. When I started to

live with Mentae, there were so many things revealed to me about who he was, and the reverence my mother had placed upon his name.

It was these three individuals that put the stories of the first few years of my life that I did not have any knowledge of, back into the information I have knowledge of now that is proof and witnessing's to my life as toddler.

It is these three individuals that gave me information about my grandmother and mother that I did not have any knowledge of as well.

These are the exact years that I was alive, and I give appointment and appraisal to my grandmother for. The years that I did not have appointed guardian other than my grandmother. My mother's mother.

During this time, I did not have any knowledge of who my mother or my biological father was, or My memory would not give me the recollection to put together the discernment to decipher who was my mother and my biological father at the time. Until my mother was

released from the California women's prison.

In All totality of five years give or take two to six months, this is the blessed time that shows I had no acknowledgement on identifying who was my direct parental figures as mother and father. Which also is an indisputable and remarkable example the Favour from The Most High G-D ALLAH (الله) The Almighty.

The Soil. Alturba (التربة)

I was born in the city of Sacramento in the early nineties. The stories that were often told

to me since birth about my people and who we are is a product of the word struggle. When I was born, it had not been a complete of forty years since my people had gained the acceptance and right to be considered a human being and not property to whoever owned us.

The history of the land I was born in, there are multiple moments that has taken place way before and after my birth, that shows being a Colored Complemented individual in America is the same as being a disposable piece of trash to its

owner after it has done it due diligence and served its place and purpose.

Many of my kind have died on this land.

Many of my kind have died building this land.

Many of my kind have died fighting for this land.

Many of my kind have died fighting for the G-D Given right to be recognized as a human on this land.

My kind is known the Black man of America, The Nigger (Negus), The Enslaved Colored Nation of America.

This is the land that bonds our bodies to the Government as an Asset.

This is the land that bonds our bodies to the laws the lawmakers of this land of this land create.

This is the land of the ones who have taken themselves outside of the order the Most High G-D ALLAH (الله) The Almighty and appointed Idolatry as Its Ruler and Master In the form of Interest and taxes.

This is the land they arrogantly named the home of the brave

and the free. The United States of America.

The Fruit. Alfakiha (الفاكية)

At the age of five. I was reintroduced to the figure who is my mother. She was released from a California women's prison. Then she rightfully took the over the custodial role as my parent. She was a woman who was a slave to her desires. She was a woman who raised me in the Christian way. All that she really knew about the Christian way. She was one of the most industrious women I have ever

had the blessing to pledge witness to her deeds as my mother.

It was one night; I was around seven years of age. I asked my mother “where and who is my father.”

Then it was not too long after my mother had made the way for me to meet my father. The man whose entire name I have. I was reintroduced to my father in the year of two thousand and four. Around three of four months before of my turning of eleven years of age.

In the three years of my adolescence my father was the custodial parent. From two thousand and four to two thousand and seven. I was taught discipline. I also was blessed to be under the parental guidance of a Muslim.

Between the ages of eleven and thirteen years of age, I was blessed to visit my first jumua.' My father took me one Friday and I sat and viewed the exact and correct way to prostrate and pray.

When I was around the age of thirteen, my father sent me back with my mother. For her to

resume the role as my custodial parent.

From the age of thirteen, a month before my turning of the age of fourteen. My mother was my custodial parent until I was recognized at an adult by law of the land.

I was serving time inside of Sacramento County Kiefer Juvenile Center, the day of my turning eighteen years of age. Which is recognized as an adult in the eye of the law of the land. During this time in the juvenile center, I had a dream that stood

out to me and shook me to my entire core.

In this dream, I was in the sky or what seemed to be the sky.

Mainly because the only thing that was vivid to my sight was me sitting on clouds. There were two black figures in my sight as well.

In this dream, I felt Pure Love.

In this dream, I could not hear.

In this dream, the two black figures were angels.

In this dream, I knew what good and bad deeds were.

In this dream, I was Returning.

Once I was released from the Kiefer Juvenile Center, I was released on Navigation Monitoring by Ankle. For a totality of Twenty-five days, while on this program of release, there was a woman by the name of Dawnsherri Roshaun Dorrough I was intimate with on the night of October 11, 2011. Which is the night my first seed of life and reproduction was a clear sign. My first-born child was blessed to receive the gift of life and brought to this world on July 11, 2012. Davion Amaru Marcel Antwine.

Once I was released from the navigation monitoring by ankle. I was free in a totality of fifteen days, before I was criminally found guilty as an adult of breaking laws of the land and serving eleven months in the Rio Consumnes Correctional Center.

While serving time in the Correctional Center I had dream.

In this dream, it was all black and I was screaming for my mother, there was a voice that I heard in my left ear, it said “ You can’t scream for your mother.”

In this dream, I felt evil and torment.

In this dream, I knew that there was an evil.

In this dream, I knew there was only way to be safe from evil.

Then as I was awakening from this dream, I found my body immobile, but I can see. Once I realized that my eyes could move. I realized I was serving time in the Correctional Center, by observing my immediate surrounding. Then as I am coming to realization of where I am at, I see a black figure in the area I slept in. It was right next to my head, making everything in my vision shake so fast, as if it

were vibrating at supersonic speed.

At that exact moment was my indisputable proof that there is something (unseen) by most individuals at that exact moment I knew the entity that visited me was the adversary spirit.

Its many explanations and names of this kind of experience. But I did not learn or research about it more. I just went on living with my day-to-day life until I was released from the Rio Consumnes Correctional Center. I was released from the custody incarceration at the Rio

Consumnes Correctional Center
October 2, 2012.

I was free until April 24, 2013. I was incarcerated again. For a County Probation Violation for thirty days.

During this thirty-day incarceration. I Met the three Muslim brothers who were the witnesses and the congregation of my shahada.' I was nineteen years of age.

Then I was released from the Correctional Center on May 23, 2013.

I was free until August 19, 2013. Then I was sentenced and

committed by a supreme appointed court judge to six years and eight months to the California State Prison.

Sentenced To be served at a totality of eighty percent of the sentence. Which is a totality of five years one month and twenty-one days.

This is when I went through all my belief trials. Who was the true righteous G-D. What was the True Way to G-D.

During this time of my custody incarceration in the California State Prison, I was given a book by another inmate titled. "The Flower of Life."

When I opened this book, it was a complete connection, to that feeling I had my entire life. That there was something unexplainable about All creation. Something unexplainable about who and what is the creator that created all creation.

Then I was revealed and rightfully taught The Sacred Geometry of All Creation. The Order of Melchizedek.

The Flower of Life.

After I had studied what I felt was the exact amount that would not taint my internal feeling of the Holy Oneness.

Also, from not being indoctrinated with knowledge that I could use with the art of application.

A gift too early is a Curse.

Also, while serving this sentence, I was housed in a segregated housing unit for a totality of eleven months, administrative segregation, in Isolation.

Once I was released from that term of Isolation, I was nine months from being released from the California State Prison.

Then During the year of my release two thousand and eighteen, I participated in my

first fast. The Month of Ramazan.
(شهر رمضان) From the middle of
the month of May to the middle
of the month of June.

Then I was blessed to be
released from the California
State Prison, where every
inmate that enters must sign a
certificate of death, just in case
of casualty.

I was released the morning of
July 14, 2018.

Four days from two months of
my turning twenty-five years of
age.

That is when I submitted my
whole heart to the belief of

Islam. (دين الاسلام) (Din

That is when I knew that the
Most High G-D was indisputably
ALLAH (الله) (swt) The Almighty
Heavenly Father.

The Coyote. Aldhiyb (

All praise is exclusively owned
by the Most High G-D ALLAH (

(The Destroyer)

When the child was challenged
by his wrathful mother. The child
could not be without being
critiqued. The blind following a
blind lead. Conquest In packs of

rage, which chased the wolves away. The child embraced his unique and humble ways but was led astray. After realizing what it took to protect his sacred energy. The child chased the night life after each day. In this world and on this earth alone but never truly unaccompanied.

When I was a child, I functioned as a child. This is maturity and evolution. Enlightenment and intellect. My eyes were completely open. My third eye was never closing. I could see and hear things that were not there. They were all guides forward on the Divine Path of

Enlightenment. I misunderstood them a many of times when they would give me Clear Signs.

Revived out of the deathly captivity. Informed and well versed on how the new worlds order has kept this entire realm conscience sleep. From immediate relative relationships to the most extended reach. I could not resist the sight of truth. Death was all around me in the fabric of time, knocking on the doors of all who feared him over The Almighty Forgiver. Concerned that the word and the sentiment of the holiest spirit would not gratify any of the

harden hearts. The familiarity was not as it was before. The matriarch was now enjoined in the eternal heavenly rest. Her two women children were at odds to a point they resembled to jackals aggressive and up roared. The spoils of man were nowhere in the near of sight but were forever ripened. The soul of the child was now replenished in its rejoiceful ways of harmony. The vibrations were not visible to more than eighty five percent of the nations. The child was favoured and gifted with the most sacred and ancient geometries. Time was as a beat

of the resting heart in the day,
and the racing heart in the
nightfall. Sanctuary was built on
foundation and kept covered
with the prayers of the child. As
the child was encountering all
the experiences of responsibility.
He recognized there was
someone or something following
him in the valley of sacrament. It
was the essence of the
matriarch. The child was now
obligated to be held accountable
for each good and bad deed. The
child was given explicit
directions and orders. To Create.
The child did not have an
ordained fashion to do so, but

when it was time to create, it was done with a swift and precise manner. Only for the sake of the Most High G-D ALLAH (الله). So As the Canine family has many different sects amongst it. The Lone soul was never lost in sight. From the time of sunrise to the shine of the full moon light. The Coyote Resides.

The Lambs Wool.

Suf Alhamalan (صوف الحملان)

As the snakes sheds its skin and becomes another shade of itself.

This is the example of the holiest process of how all creation has an internal cycle that most of creation does not understand, but none the less must abide by.

There was a man that walked the earth that in my opinion is the most publicized and politicized human being.

There have been many stories of propaganda and lies that have been placed as the memory of his essence upon this world.

His name is a very sacred one in all the dialects and languages that has ever been created.

In this sacred memoir he also has many representations that are hidden gems for the receivers to find.

I am Him; He is Me; we are Of One, From the first to the last and the reciprocal.

Recognized as a Prophet the Messiah Yeshua, and in all his rejection. In All shades of His reflection. In All ages of His revelation.

The one who embodied all the precious gifts of the creator, without any arrogance, only to show exclusive and intimate

praise of the Heavenly Father
the Almighty G-D.

The one who the stories place
him under being judged
unlawfully by a state that was
and is the roman catholic
church.

The one who was sent by the
creator on the ancient timeline
of the holy tree of life.

The one who laid his own life
down to bring tikkun to the earth
of the original adamic sin.

The one who is said to be the
holy redeemer of this world.

The one who has a shadow of his
opposite always placed upon

him, known as Al Dajjal, the deception, or the infamously named The Anti-Christ.

This is the one who is King and the penultimate human being of righteous guidance.

I Know of him as Prophet Isa Ibn Maryam (pboabuh). I do not refer to him in any other reverence, in respect of the divine decree sent through the covenant of Islam. Reason Why, this revelation is a total manifestation of Islam in all its perfection.

The words from ALLAH (swt) through the Prophet Muhammad.

This is the one they reject in all ways and try to hide the acknowledgment of coming.

The one that the Messiah Yeshua Prophesized to come.

The helper/friend to the sake of ALLAH (swt).

The one who was to come and set things straight for the divine path of enlightenment.

He was rejected in his own place of birth and placed under prejudicial rules, and erroneous regulations.

His story is the one my father is divinely connected to, Cedric Marcel Antwine, Ali, Cedric

Marcel Tarrant Bn 4.24.68 -
(pboabuh).

Prophet Muhammad (pboabuh)
who the divine creator brought
to the throne through all the
levels of heaven in one night.

The Penultimate seal of the
Prophets.

The one who came to correct
and guide the individuals of his
time into a righteous and orderly
straight path. To educate the
divine law and be a perfect
image for emulation.

For it is the human's nature to
follow the leader.

As man's arrogance has taken

and done away with by declaring war against G-D The Almighty through idolatry in Interest and Taxes.

So as the cliché goes A wolf in sheep's clothing.

The Lion of Ancient Myths. 'Asad Al'asatir Alqadima

(أسد الأساطير القديمة)

The Generational Mythologies that have been passed down through man and ages, is now being corrupted and perverted through the changing of words, dates, and situations. Misleading

and misguiding the youth and diverting the cycle of life to retain the current power of falsehood and to continue controlling the population.

Through the roots of belief and doctrine. Boards of Education in all the lands are a direct and prime example. The word institution, is another direct and prime example. But by Knowing the Messiah Yeshua, is the cure for all of that. By not separating him from the church of Christ is the divine right of human beings.

By understanding the primitive and divine law, I was shown the story in the stars.

This is the barrier between human beings that have been indoctrinated through all the corruption of the word's belief and religion.

“As Above, So Below,”

Once I opened my mind to the love without fear and real trust of not knowing what could be (unseen) I was shown the heavens, the celestial court, the righteous throne of G-D The Almighty, the Kingdom of All Kingdoms and Creation. In one night.

Then this is when I was told by a mythic shaman, my spirit animal

was a Lion. On the same night is when I knew there was an angel by me. I was married to this angel in spirit. Her name is Christine. The Holy Archeia.

Through her revealing to me I was directed to the adder, The mythical snake representation of transformation, as well as signified and identified as renovation of humanity. This spirit animal tells you to make your intention clear. It would help if you thought before acting. Otherwise, you will make mistakes. The Adder Spirit Animal reminds you to think things through before taking

action. Your intention in any action you take must be clear in your mind, or you might fail. The Adder Spirit Animal urges you to be honest with yourself and live your life according to your values and conscience. It would be best if you were true to yourself and your beliefs so that your actions do not contradict them. Believe in and honor your intuition, and it becomes your guide.

Then is when I was given Divine Decree to come as The Holy Law Breaker. We are the Holy desire of all the nations. She is the bride of Christ, the long-lost love

of IESU. From learning that she was an Archeia, was revealed that the divine creator was showing me The Archangel Gabriel, The Holy Mediator between The Almighty and human beings, Jibril. The Holy revealer of the message from The Almighty. The angel sent to deliver the order of the father. The angel sent to reveal the Alfadharia.

She is his and my divine cloak.

I am the holy seal of Metatron.

All Thirteen chakras opened and exercised. The two bodies of light. The Holy double Merkabah. The Holy matrimony of the seed

of man and son of man.
Godhead God body, One man
and one woman. Elohim.

The Highest Summit.

'Aelaa Qima (أعلى قمة)

I know stating that me and my
woman being spiritually married,
is the embodiment of The Most
High Power. "As above, So
below."

Are the words she uttered to me
when I asked her what it is, she
believes in. She introduced me
to her spiritual healer, that she
had been doing shamanic
practices with. The same night I
had the vision of the righteous

and heavenly throne. She told me I went under the hypnosis that the shaman had performed. She stated that she saw me coming out of a trance, and she was trying to wake me up and bring me to, so I can spiritually, mentally, and physically return to my body. This was the night of November 21, 2021.

This vision was comparatively the same exact feeling I felt in my body (heart) when I was in the Kiefer juvenile center, and I was floating in the heavens.

Then I came out of the Trance, the shaman said to me that the spirit guides told him my spirit

animal was a Lion. Which was off to me, I never believed or participated in the shamanic practices, I always thought everything that would be able to take me away or distract me from the straight path was black magic or the adversary spirit.

Then it was not too long later, one night me and Christine was laying down in the bed and talking. I had a revelation; my definition of this word is when a pure clear and divine thought sent to human mind (conscience) only willed by The Most High G-D. What I mean by pure thought is an ideal that

came to your conscience or cognizance or cognition, whichever one conveys the message. I digress, when the thought came, it was a voice screaming in my head. "You're Al Zimach Al Mahdi."

Then my whole being, and mentality had changed in that night. I was prepared to do the work of The Most High G-D.

Though I thought I was just having a religious delusion.

Christine always felt in her entire being that I was Jesus. She has many stories and memories of spiritual encounters with the

unseen and nature, like her clear and lucid description of her memory and recollection of being a few weeks old and being inside the incubator as a newborn. So, when I announced it aloud, her response was, “I know.”

This was the night of December 3, 2021.

Then Not too long after the revelation was announced, Of the holy redeemer, the hidden one, the great concealer and the one who has returned to bring justice throughout all lands and straighten the Holy Divine Law.

I was blessed with my second child Amos Cota Antwine. He was Born 1.26.22.

There is a Prophet in the bible by the name of Amos. I did not have any knowledge of who was in relation to the prophetic line Jacob and Isaiah came from. The House of Jacob.

His teachings are the epitome of how to think Muslim, move strategic, and speak truth in a world full of sin/shirk/haram.

Prayers and sacrifices do not make up for bad deeds. Practice of religious acts is no insurance against the judgment of God and

that privilege involves
opportunity, or escap-ism
Immunity cannot be claimed
simply because of past favor of
God, irrespective of deeds and
the measure of faithful service.

Behaving justly is much more
important than ritual.

Ceremonial worship has no
intrinsic value the only genuine
service of God consists in justice
and righteousness.

Amos believed in economic
justice, the conviction of Amos
that economic justice was
necessary to preserve the nation
(whereas his opponents asserted
that sacrifices and offerings

were preserving it) forced him to conclude that a God who wanted the nation preserved must want justice and want it always, and could never therefore want sacrifices, which abetted and condoned injustice.

Amos was an uncompromising monotheist. There is not a verse in his writing that admits the existence of other deities.

The relationship between the people of Israel is articulated to be a moral contract. If the people of Israel fall below the moral requirements of God, then their relationship will certainly be dissolved.

Dependence on God is a
requisite towards fulfillment.
One will live if he seeks the Lord.

This is living in forward energy,
only living through the Will,
Favour, Grace and Mercy of The
Most High G-D(الله) ALLAH (swt)
The Almighty.

This is the Prophethood.

The Divine Path of
Enlightenment.
